Hi Diane,

Please see the attachment of the canister location and concentration data. This analysis was conducted by Marta Fuoco (cc'ed). If you need additional maps for the second sampling location, please let me know, I'm catching up today from being out in the field last week.

Thanks,

Justin,
Don't forget to send the updated map for U.S.EPA's May 23-24th sampling event when you get a chance. Have a great day and Holiday.

Thanks,
